

Triple Function Laser Massager

THE BEST WAY TO BEGIN A MORE PLEASANT LIFE AND RELIEVE DISCOMFORT:

When talking about the Triple Function Laser Massager, we must highlight that it acts as an incentive to lead a more pleasurable life. Thanks to its laser technology and its massaging effect, it is the ideal complement to alleviate and tone your knees after jogging or running, a long walk or any other physical activity.

The combination of this type of sports habits and the use of the Triple Function Laser Massager as a complement, result in incredible improvements and visible results, inviting the user to maintain a healthier life rhythm and helping a better recovery in the absence of discomfort in the knees.

LASER THERAPY:

The Triple Function Laser Massager is manufactured to apply different technologies and techniques during its use.

The laser technology applies the energy of the electromagnetic spectrum to the body to facilitate biochemical activity. This translates into a number of benefits and advantages:

BENEFICIAL EFFECTS OF LASER

- Relieves the annoyances
- Stimulates the organism
- Accelerate recovery
- Reduces swelling
- Combat stiffness

Biological effects of laser:

- Elimination of discomfort in the irradiated area
- Eliminates swelling
- Helps different tissues.

Photothermal effects of the laser:

- It constitutes a form of "message" or usable energy (mW) by the cell itself for the normalisation of functions.
- It is a photoenergetic or bioenergetic effect.

Photochemical effect of the laser:

- Produces well-being.
- Provides an energy boost.
- Stimulation of the organism.

Photoelectric effects of the laser:

- Normalisation of elasticity.

LIGHT THERAPY:

Light Therapy is a treatment technique that employs electromagnetic radiation of natural or artificial origin for the treatment of discomfort.

This technique has countless beneficial results, greatly aiding the relief of discomfort and recovery of the area treated.

The application of this type of sessions is especially valuable in the care of the joints, being one of the areas of our body that suffers most from deterioration.

THE BEST HOME CARE:

1. THREE-DIMENSIONAL MASSAGE

This application is mainly intended to exert a deep massage and stimulate the area where it is applied. With this we get a pleasant feeling, favouring our well-being and a feeling of relief.

A luxury that you can comfortably enjoy in your own home.

2. THREE INTEGRAL TREATMENT PROGRAMMES

Thanks to the technology applied by the massager, you can apply different sessions with different levels of intensity

3. SPECIFIC PROGRAM FOR DISCOMFORT (LASER + LIGHT THERAPY)

Knee discomfort is common at all ages. It is usually of chronic origin and can occur suddenly.

The Triple Function Laser Massager is the perfect solution to treat this discomfort, since it relieves and stimulates the area, helping to greatly accelerate the recovery process.

It is also likely that if you have a history of joint discomfort in your family, you may suffer from this disorder, which can be very annoying. But thanks to this innovative device and its specific programme (which uses laser technology and light therapy), you will be able to not only relieve the discomfort of your knee, but also help lower swelling and improve tissue.

A MULTI-HAND MASSAGER FOR ALL TYPES OF USERS :

The device is designed to be used by different groups of people. On the one hand, it can be used by people of all ages and with an intense rhythm of life, whether from the practice of a sport, or any other physical activity.

On the other hand, it is also designed for people with discomfort in joints, muscles and others.

DAILY CARE

- The Triple Function Laser Massager takes care of your knees with excellent results
- You can apply the two types of the most avant-garde and recommended sessions. - Enjoy its effects from the first session

- It is a useful and light product that you will be able to transport without complication any to any part of the house. Just attach it to your knee with Velcro straps, plug it in and programme it as you need.
- You can select the programme and time during which you want to apply the treatment. Thanks to its simple control panel, you will find the best care for your knees.

TECHNICAL CHARACTERISTICS:

- LED technology and laser light emitting diodes
- Laser power: 650 nm
- 4 Programmes with different intensity levels
- Power: 6.0 V
- Adapter included
- Measurements: 19.5 x 12.5 x 10
- Weight: 400 gr

ENJOY YOUR "PARTICULAR SESSION" OF THE MOST COMFORTABLE AND SIMPLE FORM

YOU CAN MAINTAIN JOINTS AND MUSCLES, RELIEVING STIFFNESS AND OTHER DISCOMFORTS.

LUFTHOUS

"Millennia ago, human beings began to stand and differentiate themselves from other living beings. This was a decisive point in history, when our way of life will changed radically. Now we can run, jump, climb... and it is at that moment that our limbs become our most important tool.

And as a vital part in the functioning of our limbs, we will focus on one of the most important joints; the knees. They have a stabilising function for our bodies. In addition, they allow the legs to bend and straighten. Both flexibility and stability are needed when standing, walking, running, crouching, jumping or turning.

The various types of problems that can be caused by a blow (or sudden movement) to our knees are wide ranged. That

is why it is so important to take care and treat this area with special attention.

Lufthous presents one of the most relevant products in the personal care field. Today I will tell you about the Triple Function Laser Massager.

Over the years your knees can suffer and cause serious problems. Several factors can contribute to this deterioration, either through the practice of a sport with too much intensity or frequency, being overweight, performing daily activities or other reasons.

This why it is truly important to take care of these joints and apply almost daily maintenance. A good option could be to see an orthopaedic surgeon, and other means at your disposal. Now Lufthous brings you the best way to apply this maintenance comfortably and effectively, and from your own home.

With the Triple Function Laser Massager, you will discover the best way to relieve discomfort in your knees, stimulating and helping to speed recovery. In addition, this is an ideal and versatile product, both for young people and older people with typical discomfort of age in joints, muscles and others.

Taking care of your knees is not an option that you can do without, and Lufthous invites you to discover this wonderful product.

Thank you for trusting our team"
