

LH TURBO ASPIRA 360°

CORDLESS VACUUM CLEANER, LIGHTWEIGHT AND WITH GREAT SUCTION POWER.

Cleaning your home will now be easier, more comfortable and practical with **up to 45 minutes of autonomy** for a complete cleaning at normal speed, thanks to its long-lasting **Lithium-Ion battery**. Forget about annoying cables and batteries that do not allow a correct cleaning time.

LH TURBO ASPIRA 360° allows you to clean effortlessly, reducing bending posture and, therefore, reducing discomfort. Thanks to its extension you will be able to vacuum all corners, small areas, and hard-to-reach places for a complete cleaning.

HEPA FILTER WITH HIGH PROTECTION AGAINST UNDESIRABLE PARTICLES IN THE AIR.

It transforms into a **handheld vacuum cleaner**, and you can interchange its rollers to adapt them to your needs: a **soft roller** and a **bristle roller** specially designed for vacuuming carpets. It is perfect for cleaning **all types of surfaces**. In addition, it **incorporates a light** to **increase the visibility of dust and fluff**.

It is very **comfortable and light**. It has **no vacuum cleaner bag**, which makes it easy to clean. And you can store it comfortably, it takes up very little space and comes with a **practical stand**.

Box contents: Vacuum cleaner, 2-in-1 combination brush, bristle carpet roller / soft roller, brush, hanging stand, charger, extension tube and instruction manual.
