

THERMIDOR CLASS EDITION WATCH

An accessory to keep track of the time and your time on a daily basis, adapting to all your activities. The watches have an exquisite design for the male and female personality.

TWO UNIQUE MODELS OF SOPHISTICATION

These watches are made entirely of hypoallergenic steel which, in addition to allowing anyone to wear them, keeps a perfect shine, preventing darkening and deformation, as it is made of an extremely hard material. At the same time, they are gold plated (IPG), providing quality and greater durability.

They have a bicolour strap-armis with double safety clasp, very comfortable and made of the latest generation of light alloy. They have a rectangular case with hardened mineral glass, very resistant to scratches, and with a great hardness to withstand shocks.

The operating system is a Japanese quartz movement for impeccable precision in the measurement of time. The numerals and hand add a subtle and elegant touch.

In addition, the watches are water resistant up to 30 metres to allow complete freedom in all your tasks and activities, without having to do without these accessories.

LIMITED AND NUMBERED EDITION PIECES AVAILABLE FOR MEN AND WOMEN

Enjoy these valuable and unique accessories on your wrist. Both the men's model and the women's cadet model come with a 2-year Thermidor warranty.

RRP 450 €
