Using a process very similar to nature, HYDRONIC PURE PLUS treats and improves the properties of water. As amazing as it is effective.

Innovation and design at your service. Together for a better future.

THE BEST WAY TO DRINK WATER

HYDRONIC PURE PLUS it is more than a water purifier, it is a hydrogen-enriched water generator. With ultrafiltration membrane and carbon pre-filter. With it, you will enjoy water that is richer in hydrogen and has a hexagonal molecular structure (like that found in nature). Improves the quality of water consumed. In addition, it reduces alkalization, ORP.

It is important to remember that it is advisable to drink between one and three litres of water every day. By using HYDRONIC PURE PLUS and providing your body with the recommended daily amount of water, you will multiply its properties and benefits exponentially.

HYDROGENATED WATER FOR THE WHOLE FAMILY

HYDRONIC PURE PLUS has been created to become an indispensable tool in the home. As it does not require installation, it can be placed anywhere you have an outlet (in the kitchen, in a waiting room, in the office, etc). It is very easy to clean at the touch of a button.

Manufactured with top quality materials and totally hygienic, it is the ideal complement for your family to enjoy the benefits of drinking hydrogenated water in a clean, fast and efficient way.
